

3.2R Career Clusters - Mapping Your Mind - Career Guidance for Your Students.

Your students have taken both the John Holland Code DNA assessment and the Career Cluster Survey. It is your task to advise the student of his/her two career pathways and two job titles with DNA.

- Assist only 5 students in the below list.
- Make sure your career advice matches the abilities of your students.
- Education and Training have been completed as a sample for you.

Resource: Use this link <http://www.onetonline.org/find/career?c=0> to find the Career Pathways, Job titles and DNA. The job titles you choose for the student should have the student's DNA in the first or second letter.
