

Marine Biology Research Program WSEP: Work Skills Employability Profile

Program Description

The Marine Biology Research Program is a 3 yr. program that will jump start high school students in core marine science topics employing hands-on, problem-based learning strategies. Students will begin by building and studying simple aquatic ecosystems; formulate experiments with these systems; learn the biology, chemistry, physics, and ecology behind them; and apply basic instrumentation techniques to monitor them. Once these sets of "in house" skills have been mastered, the program will then shift students' attention to the natural ecosystems around Governor's Island through the formulation of projects around 3 main topics: oyster restoration, habitat characterization, and water/air quality monitoring with a student built and maintained network around the Hudson River Estuary. Students will learn how to formulate projects, submit professional reports, present at national and international research fairs (e.g. Intel Science and Engineering Fair), and, ultimately, use their own data to propose resource management solutions to local government agencies. Upon satisfactory completion of this program students will also be eligible for 12 college credits through SUNY Albany and 6 from Manhattan College, a Geographic Information System credential, and the NOCTI Natural Resources Systems credential. All together, Marine Research scholars will have a strong foundation for competitive colleges and the STEM Career Cluster (i.e. environmental and marine science, water and waste water management, geographic information systems, and natural resources management.)

Program Objectives

- 01. Prepare students for resource management and conservation.
- 02. Give students a strong foundation in marine science.
- 03. Expose students to professional settings and careers in marine science.
- 04. Prepare students for college with rigorous research projects and college credit bearing courses.
- 05. Train students to build and maintain a remote sensing water quality monitoring network.
- 06. Characterize Governor's Island marine environment.
- 07. Monitor the oyster restoration project.

| Skills Overview | Certifications & College Credit |
|-------------------------------------|---|
| Personal Characteristics | SPACE Geographic Information Systems |
| Job Seeking Skills | Certification |
| Job Keeping Skills | NOCTI Natural Resources Systems Certification |
| Universal Foundation Skills | NYCSEF Certification |
| Basic Science | SUNY Albany College Credit |
| Field Sampling | Manhattan College Credit |
| Instrumentation | |
| Data Acquisition & Management | |
| Physical-Chemical Analysis | |
| Information Technology + Statistics | |
| Project Management | |
| Independent Project Skills | |

| Interpersonal and Job Readiness Skills | Rating Scale 3 Above Average 2 Average 1 Below Average | | | Date Evaluated | Instructors Initials |
|--|--|---|---|-------------------|-------------------------|
| | 3 | 2 | 1 | | |
| Personal Characteristics: | | | | | |
| Relations with others (effectiveness in working with students, instructors, and others; cooperation; shows respect) | | | | | |
| Dependability (attendance, punctuality, adherence to schedules and deadlines; consistency and results; perseverance) | | | | | |
| Work Attitudes (willingness to learn; willingness to accept and profit from evaluation; enthusiasm; initiative; commitment; excel in work) | | | | | |
| Communication (listening, speaking, and nonverbal skills; effectiveness in communicating with students; teachers, and others) | | | | | |
| Personal Hygiene/Grooming (personal health care and cleanliness; dresses and maintains self appropriately) | | | | | |
| Job Seeking Skills: | | | | | |
| Visit career sites (i.e. Careerzone.com, Monster.com, etc.) | | | 1 | | |
| Create a Career Plan | | | | | |
| Fill out this Skills Employability Competencies List | | | | | |
| Write a resume | | | | | |
| Prepare a job application form | | | | | |
| Write letters of application and acceptance | | | | | |
| Arrange for personal references | | | | | |
| Apply job search techniques (online job search) | | | | | |
| Arrange a job interview | | | | | |
| Apply job interview techniques | | | | | |
| Evaluate job offers (actual or simulated) | | | | | |
| | | | | | |
| Job Keeping Skills: | | | | | |
| Knowledge of Workplace (Policy and Ethics) | | | | | |
| Response to Supervisor (Accepts direction, feedback and constructive criticism with positive attitude and uses information to improve work performance. Demonstrates flexibility when nature of work changes.) | | | | | |
| Communication Skills (Gives full attention to what other people are saying, asks questions as appropriate and understands what was heard. Communicates concerns clearly and asks for assistance when needed.) | | | | | |
| Solves Problems and Makes Decisions (Identifies the nature of the problem, evaluates various ways of solving the problem and selects the best alternative.) | | | | | |
| Cooperates with Others (Interacts and communicates with others in a friendly and courteous way. Shows respect for others' ideas, opinions and racial and cultural diversity. Effectively works as a member of a team.) | | | | | |
| Resolves Conflicts (Identifies the source of conflict, suggests options to resolve it and helps parties reach a mutually satisfactory agreement.) | | | | | |
| Observes Critically (Carefully attends to visual sources of information. Evaluates the information for accuracy, bias and usefulness. Develops a clear understanding of the information.) | | | | | |
| Takes Responsibility for Learning (Identifies own strengths and weaknesses. Sets goals for learning. Identifies and pursues opportunities for learning. Monitors own progress toward achieving these goals.) | | | | | |
| Complies with Health and Safety Guidelines | | | | | |

To whom it may concern,

The purpose of this letter is to confirm that the above named student has been evaluated for the skills outlined in this document. Next to each competency skill you'll find the proficiency level that said student achieved during their course in the Marine Biology Research Program, academic classes at the Urban Assembly New York Harbor School, other enrichment opportunities, and Work-Based Learning Experiences. Below you will find the names and contact information of those persons that have evaluated the holder of this document.
